

Inside Out Vision | 2 mil Perforated Vinyl Film-Solvent

A non-adhesive perforated (50% open/50% print area) vinyl film with a removable self-adhesive liner and a black reverse side designed for indoor window application. This allows for use on doors and windows without compromising the see-through effect from the inside. Can be used multiple times. **Use with Dot Apply adhesive to adhere to window or door.**

Specifications

Vinyl Thickness:	2 mils
Backing:	Removable self-adhesive liner w/non adhesive film
Open Area:	50% for maximum contrast and printing results. Hole diameter 1.5 mm.
Face material:	Perforated vinyl film with bright white front side and reverse black side

Ink Compatibility

Compatible with most solvent, eco-solvent and UV inks.

Applications

Allows one-way see through features for posters, room dividers or advertising on or near windows. It is an innovative solution and can be applied in many different and cost effective ways – on space, which has not been used previously.

Typical Performance Values

Durability:	2 to 5 years indoors
Shelf Life:	1 year stored at 41° F - 104° F, RH 20% - 70%
Service Temperature Range:	41° F - 104° F
Tear Resistance:	Excellent

Recommendations

Completely evaporate inkjet solvents before application. Failure to do so may facilitate solvent penetration resulting in vinyl degradation.
