

Venice Satin | 5.5 oz Satin Fabric

Venice Satin is a 100% Polyester coated satin fabric. The construction of the base satin fabric combined with the coating creates a great surface for a well-defined and clear print experience. We call this fabric a satin because even after we coat the fabric we maintain the sheen that makes this product ideal for indoor applications. The edges are ultrasonically cut to eliminate fraying and head strike.

Ink Compatibility:

Designed to be compatible with a wide variety of UV and solvent inks.

Applications:

Best suited for indoor applications such as retail, drapery and unique trade show graphics calling for a more delicate, elegant look.

Physical Properties:

Fabric Weight:	5.5 oz/yd ²
Recommended Print Method:	Solvent & UV based inkjet printers
Service Temperature Range:	68° F to 77° F (indoor only)
Durability:	6 months indoor
Shelf Life:	1 year from date of shipment when stored at 68° F - 77° F and 50±5% RH
