

Gudy® Window | Double-Sided Mounting Film

Self-adhesive thin, clear polyester film coated on both sides with solvent-free, age-resistant and permanently elastic acrylate adhesives which don't dry out or become greasy.

Specifications

Thickness:	1 mil
Temperature Ranges:	Service temperature range -20° F to +100° F
Adhesion:	Paper Liner >12 (N/25mm) Masking 1.0 (N/25mm)

Application Suggestions

Gudy® Window is coated with a strong, permanent adhesive on the paper-masked side, whereas the other side allows reversible short and mid term front mounting of photographs, prints, drawings, charts or other images on smooth, clean and grease free backing surfaces made of glass. Gudy® Window can easily be applied by hand. Prints generally can be removed from the glass surface without residues. Under certain conditions occurring residues can very easily be removed with petrolether. For removing residues of the permanent adhesive usage of alcohol is recommended.

Storage Stability

1 year after production date
